COMMUNITY OUTREACH

Part of the Emerge's mission is to make the arts accessible to the entire community. For every five paid programs, one is completely free and targeted towards at-risk or underprivileged youth. We do this through art programs geared towards those affected by cancer in the hospital, artist in residency programs, and our Youth Arts Initiative program, which includes scholarships and our Youth Public Arts Project.

Youth Public Arts Project is our longest running outreach program. Started in 2005, this is a bi-weekly program, where at-risk youth come to the arts council to work with professional artists and musicians to create various public art projects and learn about the rich heritage of African American music. The public art is then displayed throughout the community.

Art is Good Medicine is an arts in healthcare program in partnership with local healthcare providers such as Vidant Health. Professional visual artists and dancers work with adult and pediatric cancer patients and survivors. In addition, we offer free workshops to cancer patients, survivors, family members, and caregivers and facilitate weekly art experiences at Hope Lodge.

Scholarships are offered to underprivileged children in our community to attend classes and workshops free of charge.

Marketing For Your Artist Business On & Off Social Media

Wednesday October 24th – 6:00pm-9:00pm

Every successful business person knows that marketing is essential to building a brand, getting new customers, and making a profit last. This applies to the Artist too!! Marketing is no longer the machine it used to be. Today, the marketing machine is bigger and more complex than ever. So when it comes to marketing, it's imperative to consider more than purely traditional marketing as you are likely missing out results that digital marketing efforts can provide. We will help you choose a medium that is cost-effective for your business, define a strategy that gets the most reach (the best bang for your buck), and explore platforms that will give you tangible data.

Instructor: Melanie Diehl

Writing A Business Plan

Wednesday, November 28th – 6:00pm-9:00pm

Success in business begins with a plan. By committing your idea to paper, you face tough questions and identify strengths and weaknesses. Business plans are not just for financing purposes; they are working documents to guide your business. For new and established small business owners, this seminar will start you down the path of small business success.
